So I leaned on the water cooler in my kitchen
and looked squarely at Kuan Yin's picture on the wall
And I said "My heart is almost dead now,
could you send something into my life

that chirks up my heart and soul?"

(chirks up my heart and soul--Choral Ensemble)

And She said "Send out your song about Me
and as you say, one of these times--
we're going to travel together

and you'll see what I see

and feel what I feel

and we'll be traveling together for a long time

(for a long time--Choral Ensemble)

for a long time

(dreamy harmonies--Choral Ensemble)

(extended repeat "for a long time"

and dreamy harmonies, to quiet curtain closing)
