

For a Long Time

by Stefan Pasti

(1 page; February 6, 2024)

[Notes: There's a slow early country twang and heavy strings guitar, as if on the front porch, which starts in, and lasts through the first verse. The tempo picks up into a swing-your-partner with "She also...". "And that such..." is an announcer, on a stage, who introduces Kuan Yin. With soft intensity, "showers of flowers from the Heavens" and "white light breaking through from every corner" occur during the "Namaste interlude". Are there good folks out there who would like to reply with something about the Goddess's song? (music, verses, stories, art, etc.)]

From Marvel Comics a new Hero has arose
and Her unique powers include creating key information networks

And since She is a hybrid
She also networks with the Deities *(everywhere, everywhere--Choral ensemble)*
so there's an energy of Love and Wisdom
flowing from all that have listened to Her call *(listened to Her call--Choral Ensemble)*

And when it's all said and done
it's all about what we've known for a long time *(for a long time--Choral Ensemble)*
(It's about what we've known for a long time --Choral Ensemble)

And that such potential can be realized
is what so many humans have prayed for--
so let's give Her a big welcome!

(Namaste interlude)

... loving and peaceful harmonies from the cosmos--
yes, They are also in on it
And this Goddess can sing, and She will sing a song
(for a long time--Choral Ensemble)

She is the Goddess of Mercy and Compassion
She's here to save us from ourselves
and She's going to travel with us for a long time
[for a long time (repeat to quiet close)--Choral Ensemble]

(instrumental bridge to verses below)
